

OPERATION AIRBASE

SAVE TIME | SAVE LIVES

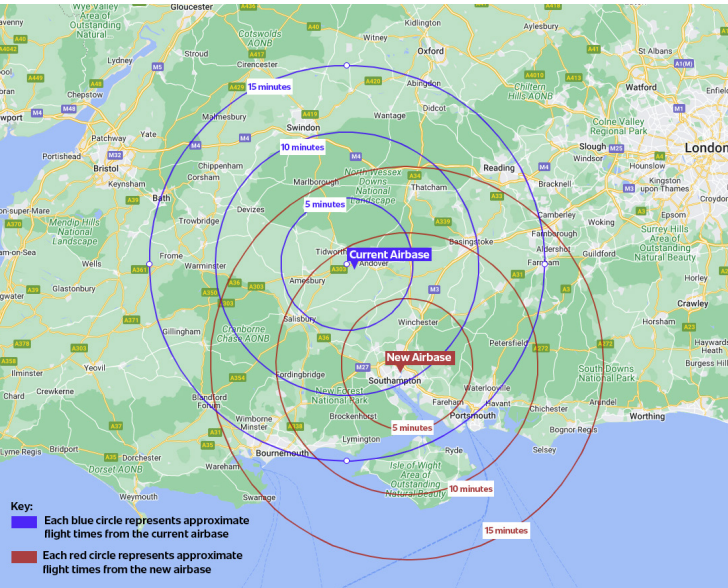

HELP US SAVE TIME AND SAVE LIVES

We are bringing our airbase to the centre of our community, saving time on every mission we attend.

HAMPSHIRE AND
ISLE OF WIGHT
AIR AMBULANCE

HERE'S HOW THIS MOVE WILL BRING US CLOSER TO THE PEOPLE WHO NEED US MOST

Each blue circle shows an approximate flight time from our current airbase. More than 70% of our calls are south of Winchester.

The red circles show the approximate flight times from our new airbase - a huge time saving for almost every mission

With this relocation we will be able to reach almost every patient in Hampshire and the Isle of Wight within 10 minutes of take-off.

Reduced emissions with less flying time and increased car usage.

Improve response rates by road and air.

Our new home will allow us to offer better aftercare to patients and families.

Potential for a medical research hub alongside primary operations.

WE NEED YOUR SUPPORT TO RAISE £3.6 MILLION FOR A PURPOSE-BUILT AIRBASE.

Our new airbase will serve our whole community, and is relying on you. Please give what you can. Your support will make a life-saving difference.

MAKE A DONATION TODAY AND HELP US SAVE TIME AND SAVE LIVES.
